Agreement

Please read and check each statement

- I understand that all pets left here for grooming must be current on all of the required vaccinations and free of internal and external parasites such as fleas, ticks, etc.
 - I understand that if my pet has internal or external parasites APAH will notify me and then treat and administer medication at the cost of the medication and administration.
 - I understand that APAH is a fear free facility, which means that we do not perform procedures or services on extremely fearful or stressed out pets. If for some reason your pet is unable to be groomed you will be notified and a DVM may prescribe calming medications for you to take on your next appointment.
